

The Eastbourne

Starting from £47,000

This hassle free, modular Changing Places toilet not only creates inclusion for those who need it most, but also provides you the tool to capitalise on the 'Purple Pound'.

The Eastbourne provides over 12sqm of internal floorspace, a minimum internal ceiling height of 2.4m and premium equipment throughout. The safe, hygienic environment exceeds BS 8300 compliance and includes unique extras such as a bespoke feature wall.

Aesthetics can be tailored both inside and out. The external shell can be clad in materials to compliment your existing buildings or environment, plus we provide a wide range of internal colours and finishes.

The Eastbourne facility is delivered and lifted into position on-site as a complete unit. This minimises disruption to any existing buildings, whilst accelerating build times and improving quality control.

Bespoke designs that suit the style of your attraction

Creating space, rather than taking it

Accessible Tourism in the UK is worth £12.4 bn

The payback can be phenomenal. Here is an example of how a waterpark in Blackpool is reaping the rewards of a Changing Place...

90%

Increase in disabled visitors, as a direct result of installing a Changing Places toilet

£100k

Over £100,000 generated in new business from disabled visitors since installation

"With nearly four miles of coastline to manage and maintain, we needed a specialist company to fully-manage our Changing Places project, so we could remain focussed on our day jobs. Fortunately, we found that company in iHUS. Ben and his team have delivered an exceptional facility – on time, on budget, with no fuss."

Phil Oakland – Seafront Manager, Eastbourne Borough Council

The Eastbourne

Our modular Changing Places facilities have been developed to exceed the requirements of BS 8300.

1

The right equipment, including a height adjustable adult-sized changing bench, ceiling track hoist system (or mobile hoist if this isn't possible) and peninsular toilet.

2

Adequate space (12sqm) for the disabled person and up to two carers, including a centrally placed toilet with transfer space either side and a screen to allow privacy.

3

A safe, clean environment that is publicly accessible, with wide tear-off paper roll to cover the bench, a large waste bin for disposable pads and a non-slip floor.

Inside the Eastbourne
